

	ENVIRONMENTAL PERFORMANCE OF THE ORGANIZATION	Date: July 2025
---	--	-----------------

Centunión is a company committed to the Environment, which is why it maintains an Integrated Quality and Environment System according to the ISO 9001:2015 and ISO 14001:2015 standards. As the standard states, the organisation has an Integrated Quality and Environment Policy, and the entire system is reviewed annually.

Below is a summary of the environmental performance for the period 2024-2025

Kwh Electricity

In the 3rd quarter of 2024, consumption increased by 9%. In the 4th quarter of 2024, consumption decreased by 5%. In the first quarter of 2025, consumption decreased by 12%. In the second quarter of 2025, consumption increased by 10%. All readings are compared to the same quarter last year. In global terms, electricity consumption is considered to be at reasonable values.

Number of toner cartridges

Toner consumption is linked to ongoing projects. If the organization is in project development, consumption may increase. In the second half of 2024 it decreased by 65% and in the first half of 2025 consumption decreased by 28%.

Water consumption

During the third quarter of 2024, consumption increased by 13% and during the 4th quarter consumption decreased by 14%. In 2025, consumption decreased by 32% in the first quarter and decreased by 12% in the second quarter, always compared to the same quarter of the previous year.

Kg of Paper

During the period August 2024 / July 2025, an increase in paper waste of 31% has been observed compared to the same period of the previous year.
