|---|--|-----------|
|  | ENVIRONMENTAL PERFORMANCE OF THE ORGANIZATION | July 2023 |
|---|--|-----------|

Centunion is a company committed to the Environment, which is why it maintains an Integrated Quality and Environment System according to ISO 9001:2015 and ISO 14001:2015 standards. As marked by the standard, it has an Integrated Quality and Environment Policy, and the entire system is reviewed every year.

Below is a summary of environmental performance for the period 2022-2023

Kwh Electricity

In the 3rd quarter of 2022, there was an increase of 27%. In the 4th quarter of 2022, it was reduced by 28%. In the first quarter of 2023, consumption increased by 3%. In the second quarter of 2023 consumption was reduced by 37%, always compared to the same quarter of the previous year.

Number of toner cartridges

Toner consumption is linked to ongoing projects. If the organization is in project development, consumption may increase. In the second half of 2022 it was increased by 55% and in the first half of 2023 consumption was increased by 10%. This increase in consumption is since we are in the final stage of the development of a project, and we are developing new offers.

Water consumption

During the third quarter of 2022, consumption increased by 4%, and during fourth quarter of 2022, consumption increased by 3%. In 2023, the first quarter consumption increased by 29%, during the second quarter it increased by 9%.

Kg of Paper

During the second half of 2022, there was an increase in paper consumption of 6%. In the first half of 2023, paper consumption decreased by 32%, compared to the same period of the previous year.
